Dallas, TX 75202-2733

Dear Ms. Paige:

The Capital Area Council of Governments (CAPCOG) Air Quality Program is pleased to submit to you a copy of the Austin-Round Rock Metropolitan Statistical Area (MSA) Air Quality Report for 2013 on behalf of the Central Texas Clean Air Coalition (CAC). This report serves as the annual status update required for the area under the Ozone Advance Program (OAP). The report includes details of the area's measures and programs undertaken under the OAP, including comparisons between the implementation status of each measure identified in the air quality plan that was in effect for the region from January 1, 2013, through December 31, 2013 – the 8-O<sub>3</sub> Flex Plan. This will be the last report on measures included in the 8-O<sub>3</sub> Flex Plan, which expired on December 31, 2013. Future reports will provide details related to the new OAP Action Plan for the region, which was adopted in December 2013. If you have any questions about this report, please do not hesitate to contact me at (512) 916-6043, or at [ahoekzema@capcog.org](mailto:ahoekzema@capcog.org).

Sincerely,

Andrew Hoekzema  
Air Quality Program Manager
