

On This Day, December 9, 2003

**Louisiana Department of Environmental Quality
U.S. Environmental Protection Agency, Region 6**

Present to

**ExxonMobil Chemical Company
Baton Rouge Plastics Plant**

Ready for Reuse Determination

In recognition of the ExxonMobil Chemical Company's efforts to investigate the Baton Rouge Plastics Plant (the "Property"), the Louisiana Department of Environmental Quality (LDEQ) and the United States Environmental Protection Agency (EPA) Region 6 together have determined that the Property is Ready for Reuse. As documented in the Ready for Reuse Determination Letter of December 9, 2003, a Ready for Reuse Determination is an acknowledgment that environmental conditions on the Property are protective of human health and the environment based on its current and anticipated future use as a commercial/industrial operation.
