Subject: FW: Tribal and Trust Boundaries for SUIT

Hi George,

Please see the below email from Mr. Dale Vinton of the Bureau of Land Management in regard to the Public Land Survey System data used to create the SUIR exterior boundary and Trust boundary maps presented in the Southern Ute Indian Tribe's Treatment as a State Application 2015.

Please let me know if you have any questions.

Curtis

Subject: Tribal and Trust Boundaries for SUIT

Dear Mr. Hartenstine,

After review of the maps supplied by the Southern Ute Indian Tribe, depicting Trust Land Status for SUIT TAS Application 2015, I concur that the data used for the exterior boundaries and trust boundaries, is based on the most recent and best available Public Land Survey System (PLSS) data available to the United States Department of the Interior, Bureau of Land Management.
